

TITUS[®] Consulting Services

The TITUS Consulting Services team is dedicated to working closely with you in a collaborative effort that guarantees successful implementation and satisfaction of your TITUS investment.

Get it done right!

Whether a turn-key deployment is required, or an hour of technical assistance in customizing your solution, TITUS Consulting Services puts you on the fast track to deploying classification solutions that meet your specific requirements and budget.

TITUS Consulting Services includes both Packaged Consulting Services and Custom Consulting Services. Get it done right, from start to finish.

Key Benefits

Customers can benefit from a rapid return on investment, faster time-to-production, and higher service levels by using TITUS Consulting Services.

Specific ways the TITUS Professional Team provides value include:

- Minimize time to production by leveraging our expertise
- Maximize ROI with quick installation and deployment
- Accelerate adoption and use of your Classification Solutions
- Design and implement your classification templates effectively
- Optimize product functionality with proper configuration

Leverage the TITUS consultants, best practices, and methodologies to simplify the deployment and management of your classification solutions.

Packaged Professional

Delivering high value and flexibility, TITUS professional fixed-price packaged engagements make it easy to get your information classification initiative done on time and within budget.

Professional Training

To maximize solution benefits, TITUS can provide turn-key administrator training to maximize the full value of your TITUS data classification investment.

- TITUS consultants effectively train administrators on all the functionality of the TITUS data classification solution, delivering high quality training at a fixed price.
- The comprehensive 2-day on-site plus 3 day off-site engagement process focuses on core activities designed to offer comprehensive training for the TITUS Administrator.
- Training ensures your organization is fully prepared to configure, manage and maximize adoption and use of your TITUS data classification solution.

Quick Start Implementation

To accelerate deployment, TITUS can provide administrator training, policy definitions and configuration set-up for the implementation of your TITUS data classification solution.

- As your implementation partner, TITUS Consulting Services can get you up and running in the shortest period of time.
- This package includes converting policies to configuration files for deploying the TITUS solution.
- The comprehensive 5-day on-site plus 5-day off-site engagement process focuses on core activities designed for comprehensive training of the TITUS Administrator and includes configuration file development for quicker deployment.

Unmatched Professional Expertise

With extensive implementation experience, TITUS consultants are trusted to provide quick assessment and deployment of TITUS technologies in your unique enterprise environment. Programs can be tailored to customer-specific requirements and priorities with the objective of helping customers achieve fast results.

For detailed information and pricing, please contact TITUS Consulting Services for more information about our unique offerings at **613-820-5111** or by emailing services@titus.com.

Custom Services

For customers who want to accelerate their TITUS data classification deployment while eliminating the worry and project conflicts inherent with rolling out enterprise applications we have custom services. Bringing together expert skills in full deployment and classification templates, TITUS can customize a consulting services engagement that meets your implementation requirements.

- TITUS Custom Consulting Services can tailor a consultant engagement to ensure a successful implementation every time.
- Consultants help manage the end-to-end product deployment process including full product configuration support, oversight and co-ordination of pilots, and delivery of training and information sessions.
- TITUS Consulting Services follow best practices, proven installation and training guidelines. The team works on site with the entire IT department to drive product deployment.
- Pricing is based on project size and arranged deployment date.
